Dear Dr. Benioff:

151  
Thanks for your letter and the new manuscript. I trust you have sent a copy to Dr. Hugh Everett (8114 Touchstone Terrace, McLean, VA 22101). In this connection, I would be ever so grateful if you would change the reference from Everett-Wheeler to Everett interpretation because the credit goes entirely to him; I was merely a commentator in the following paper in Review of Modern Physics. We are reviewing your manuscript here with great interest and I hope I will be able to write you more shortly.

Every good wish.

Sincerely,

  
John Archibald Wheeler
