Professor Boris Podolski  
University of Cincinnati  
Department of Physics  
Cincinnati, Ohio

Dear Professor Podolski:

I am sorry to be so late in writing you.

I am unable to send you the original (large version) of my thesis at this time since I am departing for Copenhagen this Sunday to argue about it with Bohr for a month or so. I will endeavor to send it to you upon my return, however, if you still want to see it.

I enjoyed our discussion in New York very much.

Best Regards,

Hugh Everett, III
