Dear Hugh:

Would you be good enough to send your correction to Condon?
Would you also send out with the copies of your thesis to the selected
mailing list a copy also of my accompanying article and for that purpose
would you please let us know how many copies you want?

Regards,

John Wheeler

P. S. Miss Farlee says she won't do anything about setting the date of
your exam (which will probably be April 23rd) until you've met all the
formal requirements such as the \$40 fee, the bound copies of your thesis,
etc. Will you notify her when all this is done?

Dear Prof. Wheeler,

I have sent corrections to Condon, \$40 to comptroller, copies of thesis to Hale Trotter to get bound and given to Sherrill Farlee, and I need about 25 copies of your accompanying article to send to our mailing list. One other thing I need is a copy of a "Microfilm agreement" which I understand I must sign as a graduation requirement. I would appreciate it if you could have one sent to me.

Sincerely,

Hugh Everett III
